

PREFER: Clinical case studies workshop

On May 14-15th 2018, Bayer hosted a two-day workshop for **PREFER** consortium members and invited stakeholders on PREFER clinical case studies in Berlin, Germany. On the first day PREFER was presented to a wider audience in an open workshop. The second day mixed elements of plenary discussions and breakout sessions as part of a consortium working meeting to plan for case studies. The event was concluded by a Steering Committee meeting to discuss specific actions.

Isabelle Manneh-Vangramberen was part of the organising committee as the **Patient Advisory Group (PAG) Lead**. ECPC President Francesco de Lorenzo and Board Member Maude Andersson also attended the workshop. ECPC Secretary Jana Pelouchova attended as representative of the Diagnosa CML patient organisation.
