Cervical Cancer
Advocacy and Best
Practice on the Prevention
of Cervical Cancer

Olympia Bitrou
President of the Board

Best Practice:

Cervical Cancer

- 1996 – 2006** Awareness campaigns about Cervical Cancer
- 2007** Picketing in Athens' Parliament Square
- 2008** Position paper on the importance of vaccination
- 2009** **Vaccination of girls aged 12-26 re-imbursed by Social Insurance Funds**
- 2010** Collection of 3200 signatures in favor of the Screening Check-Up Program.

Cervical Cancer

Αγανάκτηση
ΟΜΙΛΟΣ ΕΓΘΕΛΟΝΤΩΝ
ΚΑΤΑ ΤΟΥ ΚΑΡΚΙΝΟΥ

- 2011** National campaign and Survey on Cervical Cancer and Importance of Vaccination
- 2012** Survey results strengthened the following years campaigns
- 2013 – 2014** Awareness Campaigns on the importance of the vaccination of girls and young women

Today in Greece:

- * **The vaccine is Re-Imbursed for all women aged 12 – 26**
- * 30-32% of women have been vaccinated

Goals

- * Continue awareness campaigns for the prevention of Cervical Cancer
- * Awareness programs for secondary education students on Cervical Cancer
- * Access to vaccination for boys under National Vaccination Program

AgaliaZO

Always near Cancer Patients

Cervical Cancer Awareness Campaigns and Vaccination Program for girls as part of the country's National Vaccination Policy, is only one of the many programs AgaliaZO has been running successfully over the years.

AgaliaZO, Greece's oldest and one of the best known cancer patient organizations, will continue to care and advocate for cancer patients rights.
