

European Cancer Patient Coalition

YOUR OPINION COUNTS

Dear Members,

we kindly remind you that the [survey on biomarker testing](#) **will be open until 30th April 2020**. We appreciate your participation which will help us to better understand the experiences cancer patients had during their diagnosis and, in particular, during biomarker testing, if they had such in all parts of Europe.

Biomarkers can serve us as effective navigation tools, **ensuring that the right patient gets the right treatment at the right time**. They can improve the risk-benefit profile of new and existing drugs, providing optimized therapy selection in a timely manner, to increase the likelihood of response.

[SURVEY](#)

[CONTACT US](#)

It will take you
only
10 minutes

and ensure the immediate and right treatment. This project aims to improve and accelerate the access that cancer patients have to biomarker testing, as well as the quality of this testing, in order **to improve outcomes for cancer patients across the EU.**

**Thank you for
your participation!**

HOW CAN YOU SUPPORT US?

We would be grateful for your participation and dissemination of the survey on national levels.

Please either **share the survey with a cancer patient who is currently undergoing the treatment** or who recently underwent the treatment.

For the further dissemination on your national level, please use the link with the relevant survey translation that is available [here](#).

The survey can be filled in also by a **patient advocate who has an indirect knowledge** about biomarker testing in your country.

You can promote the survey on your social media with this message:

ECPC launched the 2nd survey on Biomarker Testing! Please help us promote or take the survey here <http://bit.ly/2w3xfvS>
