

WEBINAR The Cancer Momentum: Fighting Inequalities in Europe

Dear ECPC Members,

We are inviting you to attend our online webinar on **The Cancer Momentum: Fighting Inequalities in Europe** which will take place on **Thursday, 29th October 2020 from 9:00 until 10:30 CET**. Please find the draft agenda [here](#) and register via this [link](#).

With Europe's Beating Cancer Plan, the Horizon Europe's Cancer Mission focusing on funding and expertise on key research challenges; the EU4Health programme to improve surveillance, prevention, diagnosis, and treatment of cancer and the launch of the European Parliament 'Challenge Cancer' Intergroup we are experiencing a true cancer momentum.

Not only on the European level patient organisations, academia and policy makers are on a mission. The Central European Cooperative Oncology Group (CECOG) has been working with an interdisciplinary group of experts to fight the profound disparities in cancer incidence and treatment outcomes as well as accessibility to cancer care within Europe.

October 2020
